

SAN MATTEO GAVI DOCG

SAN MATTEO GAVI , DOCG *100% Cortese*

Cold fermented in stainless steel; Estate grown and bottled.

Aromatic nose with notes of flowers, white peaches and minerals. Fully dry with crisp acidity, the palate is flinty with layers of fruit and textured creaminess; beautifully balanced. Hints of peach, pear and flowers wrap around the generous finish.

The winery was founded in 1999 from Massimo Diotti's passion for Gavi. Massimo's goal is to create high quality wines that are a pure expression of Gavi. San Matteo's 10 hectares are located in San Cristoforo, in the Gavi DOCG production zone. This growing region is blessed with varying microclimates from different altitudes and sun exposures. The diverse climatic conditions and mineral soils are ideal for cultivating Cortese grapes, considered the Piemonte "king" of white wine grapes.
